(c) whether it is also a fact that these drugs became costly with the connivance of higher authorities in his Ministry; and

(d) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND (SHRI B.K. HANDIQUE) (a) to (d) The Drugs (Prices Control) Order, 1995 does not make any distinction between Life Saving drugs and other drugs. As per the present Pharma Pricing Policy, the 74 bulk drugs specified in the First Schedule of the Drugs (Prices Control) Order, 1995 (DPCO, 95) and the formulations based thereon are under price control and their prices are fixed/revised by the national Pharmaceutical Pricing Authority (NPPA), as per provision of Para 7 of DPCO, 95, which are quite transparent giving little scope of connivance at any level. In case, there is any violation of the approved/notified price of a Scheduled formulation, action is taken under the provisions of the DPCO, 95.

Prices of non-Scheduled formulations are fixed by the manufacturers themselves keeping in view the various factors like cost of production, marketing expenses, R&D expenses, trade commission, market competition, product innovation, product quality etc., the NPPA monitors the prices of medicines as per monthly Retail Audit Reports of ORG-IMS Research Pvt. Ltd. The Government takes corrective measures where the public interest is found to be adversely affected.

Fertilizer production

1212. SHRI C. RAMACHANDRAIAH: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) the total quantity of fertilizers produced in the country during the last three years, unit-wise;

(b) the subsidy sanctioned and given to the manufacturing units during the said period, unit-wise;

(c) the total quantity of fertilizers imported during the said period;

(d) whether some private trading companies were also allowed to import fertilizers; and

(e) if so, the details of quantity and subsidy distributed to these non-manufacturing fertilizer companies during the said period?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI B.K. HANDIQUE): (a) The total quantity of fertilizers in terms of the nutrients *i.e.* Nitrogen (N) and Phosphat (P) produced in the country during the last three years, unit-wise is as per Annexure. [*See* Appendix 207 Annexure No. 4]
